

CTM Minutes - Group: CTM Board Meeting

By Owen Waller, Secretary

Date: December 1, 2025, 7:00pm

Location: Hybrid Meeting – In-person at Clifton Recreation Center. Online using Google Meets

Board Members Present (11): Gerald Checco, Jan Checco, Robert DiMartino, Patrick Etter, Kevin Mohan, Justin Ogilby, Ben Pantoja, Mindi Rich, John Whedon, Owen Waller, Bridget Waller-Kent

Absent (4): Barry Gee, Steve Goodin, Kevin Leahy, Genet Singh

A quorum is present. Meeting called to order at 7:06.
(U) below will represent a unanimous vote.

Public attendance in person (25)

Carrie Driehaus, Bonnie Speeg, Brittany Havens, John Reeve, Aaron Weiner, Kevin Marsh, Tom Lienhart, Peggy Moses, Catherine Hamilton Hicks, Robert Siegel, Eric Urbas, Michelle Schwenkner, Kathy Jo Parsanko, Karen and Tim Noonan, Elaine Eckstein, Matthew Stauble, Mary Pat Lienhart, Shawya Abri, Jasmine Xi, Eric Horn + 3 firemen, Ron Millard

Public Attendance online (2)

RuthAnn Bumiller, Deb Gnau

Welcome to our meeting – Contact the CTM email at
contactctm@cliftoncommunity.org

CTM Board Meeting Agenda, Monday, December 1, 2025, 7:00 PM**Physical Location: Clifton Recreation Center, 320 McAlpin Ave. 45220****Remote: <https://meet.google.com/qym-wjou-ncx>**

Start	Time	Topic	Topic Lead
7:00	1	Welcome	President Pantoja
	3	Roll Call/Approve Agenda/Approve minutes	Secretary Waller
	5	Fire Report including Senator Place Arson	
	5	Clifton Library	Jeanne Strauss de Groote
	5	Clifton Rec Center	Brittany Havens
	5	<u>Treasurer's Report</u>	Bridget Waller
7:25	15	Committee Reports including Clifton Plan	President Pantoja
	4	Holidays on Ludlow tree install 12/11, event 12/20	Mindi Rich
	1	Annual offsite on boarding and committees	President Pantoja
	45	Motion on Gaslight democratic process	President Pantoja
	15	Motion for OSHP to enforce highways	Justin Ogilby
8:45	10	Community Questions/Concerns	President
8:55		Adjournment	President

Motion to Approve Agenda – Ben Pantoja

The meeting agenda was sent out prior to the meeting. Ben noted that a new agenda item had been added by Justin since the agenda was sent out. Ben motioned to approve the new December meeting agenda with the motion for Ohio State Highway Patrol included. Owen seconded the motion. The agenda was approved unanimously.

Motion to Approve November Meeting Minutes – Owen Waller

The November minutes were sent out to the board prior to the meeting. Owen motioned to approve the November general meeting minutes, Gerald seconded. The minutes were unanimously approved.

Fire Report – Eric Horn, Cincinnati Fire Dept.

Ben Pantoja asked CFD for an update about what happened on Senator Pl, Ben's understanding was arson of some sort. Captain Horn responded that he did not have any information on that, and if it were arson it would still be under investigation and likely be CPD not fire.

Clifton had 171 runs, 128 of which were EMS runs. 43 were categorized as fire. 5 structure fires, 1 outdoor fire, the rest were outlets, parking, false alarms, etc.

Engine 34 had a total of 222 runs, 152 were EMS, 70 were fire. 101 runs were in the Clifton area, 64 were in the university area, and the others were spread out in other neighborhoods.

As the holidays approach, Eric mentioned that half of home decoration fires are started by candles. Recommendation is to keep candles 12" away from anything that could catch fire. Consider using battery operated candles. Keep christmas trees away from heat sources, on a stable holder, and, if live, watered so it does not dry out.

Clifton Branch Library update - Jeanne Strauss de Groote

Jeanne could not attend this evening's meeting, however a full list of events can be found on the Public Library's website:

<https://cincinnatilibrary.bibliocommons.com/v2/events?locations=CL>

Clifton Recreation Center - Brittany Havens

CRC is doing a winter clothing drive, this includes hats, scarves, coats, etc. The city manager has been asking for them for the heating shelters the City holds throughout the winter.

CRC is also doing a toy drive. They are accepting brand new toys to distribute to families, they are trying to serve 500, almost 600 families this year. Additionally, CRC is hosting Community Tables, which are a meeting + hot meal event every Friday until Dec 19th.

Lastly, the CANS pantry is always in need of food, so CRC has opened up a bin in the rec center for drop-offs if you have any things to donate. Brittany also mentioned Mindi was distributing the December program guide at the entrance to the meeting room. Answering a question, Brittany stated the Toy drive goes until Dec 12th, and the clothing drive until Jan 1st. The additional drop-off box for the CANS pantry in the CRC will stay until further notice.

Treasurer's Report – Bridget Waller-Kent

Bridget reported that the December Treasurer's report included gallery sale transactions, some new memberships, and misc expenses for GoDaddy and Mailchimp.

Committee Reports

Arts & Culture – Mindi Rich

No report for this month.

Caretaking/Beautification – Gerald Checco

No report for this month.

Chronicle – Jan Checco

Jan reported the chronicle will be mailed out tomorrow. Jan and the chronicle team printed 1000 more since the fall chronicle fell slightly short. This 5000 paper print will last the chronicle distribution until April 1st, when the first 2026 Chronicle will be distributed. The chronicle is in digital format on the website currently. Next year's Chronicle dates will be April 1st, August 1st, and December 1st.

Clifton Plan – Gerald Checco

Gerald explained that the Clifton Plan has been slightly postponed. The finishing timeline has been postponed from December to March, and since then CTM got word of the Clifton Plan's City Planner, Kyle Gibbs, has gone on paternity leave. This means the plan is postponed until later in March. The plan will conclude mid-2026. Currently CTM has a draft Plan document that has yet to be reviewed.

Clifton Soccer – Mindi Rich

No report for this month.

Communications – Ben Pantoja

No report for this month.

Events – Mindi Rich

CTM is hosting the Holidays on Ludlow with the Business Association. Thursday Dec 11th is the tree installation, with volunteers needed. The Holiday's on Ludlow event is on Dec 20th. The tree lighting will be at 7pm, the event will go until 9. The Young Professionals Choral Collective will be singing, there will be a petting zoo, and the CCAC is hosting a craft session in their lobby. Graeter's has graciously volunteered cookies and hot chocolate for the event.

Golf Outing — John Whedon

John mentioned Josh Lea as a "Friend of Clifton" for the next Clifton Golf Outing. He mentioned it to Duke Energy, the big sponsor for the golf outing. Josh has been instrumental in Clifton soccer, and John wanted to report this to the board. The board, as well as John, are leaving it open to vote on it closer to the next golf outing

Governance – Ben Pantoja

No report for this month.

Housing & Zoning – Owen Waller

No report for this month.

Membership & Nominating – Barry Gee

No report for this month.

Public Safety – Steve Goodin

Ben mentioned that the Hookah Bar was ordered to close on November 14th by a judge, and they did in fact close. The building is now available for rent.

Transportation – Justin Ogilby

Depending on the weather, new speed bumps at the intersection of Warren and Clifton may be installed. Since residents have brought up concerns of lighting, the city is looking into better lighting. They are planning for a cobra style light.

Welcome & Connect – Mindi Rich

Mindi thanked the Library for inviting CTM to be a part of the Client Appreciation event on Saturday November 15th. It was very well attended, there were many people from different countries looking for services that the Library provides. UC was also a partner with Welcome and Connect. There was face painting, a scavenger hunt, and CTM passed out Graeter's ice cream.

Neighborhood Support Program (NSP) Liaison – Barry Gee

No report for this month.

Clifton Business Association Liaison – Jan Checco

No report for this month.

Off Ludlow Gallery – Mary Pat Lienhart

No report for this month.

End of Committee Reports**Offsite Onboarding – Ben Pantoja**

The annual on-boarding will be on December 10th. Current CTM board members are encouraged to attend to assist with onboarding of the 2 new trustees.

Motion on Gaslight Democratic Process – Ben Pantoja

Ben emphasized that no decision had yet been made about upgrading or leaving the gaslights. Ben read the motion on the process to upgrade the gaslights. Gerald seconded the motion.

Gerald presented a powerpoint detailing the history of the gaslights. The presentation includes the historic number of gaslights, how they have burned throughout the 19th-21st centuries, which neighborhoods still have gaslights, impacts of gaslights on climate change, and the colors that different fuels burn.

Patrick talked to one slide he assisted with which highlighted that LED light wavelengths can be filtered into any color light desired. The whole presentation is included and attached at the end of the minutes.

Bridget brought up a question about the lifespan of LEDs. As an estimate, Patrick said LEDs have a lifespan on the order of 10 years compared to 1 year incandescents.

Kevin Mohan asked about costs of converting gaslights to LEDs and/or the cost of the pilot program. Gerald explained there is no plan for the city to execute on anything currently, but continued that while LED mantles would be cheap, providing power would be complicated and would drive up costs. Residents who wanted to speak were given 2 minutes, after the board discussion:

From the audience, Kevin Marsh acknowledged the divisiveness of the issue and extended sympathies to the board. He brought up concerns that the LED color is less easily regulated by the community than gas, and that the effort/money could be spent on more imminent issues facing Clifton instead of replacing the gaslights.

Matthew Stauble brought up that, in this case, the devil is in the details. The impartiality of the surveyor and the written questions, as well as the conclusions that are drawn from the data, may form contrary to residents wishes. He also mentioned the bias towards the LEDs represented in the wording of the motion, and wanted to advocate for any survey that came from the motion be vetted by people representing both opinions.

Elaine Eckstein was curious about the local CO2 usage on her street and if there were any way to quantify it. Robert DiMartino responded that UC conducted research on the Clifton Area's gaslights, but individual lamp emissions were not

quantified. Elaine brought up concerns about additional taxes levied if the gaslights were converted.

Eric Urbas stated he was against changing light sources, citing that there are other higher priorities for the money/effort. He supports coming up with an alternative solution as a part of the Clifton Plan, but is concerned that the retrofitting effort will run into unforeseen bureaucratic hurdles like one-size-fits-all solutions and optimistic compliance requirements. He also favored lower light levels provided by the gas lamps.

Kathy Parsanko applauded the board's forward thinking ideas to get ahead of the city's decisions. She acknowledged that bringing this to the city could help make any change more palatable.

Ron Millard explained that he had done research into the Boston LED conversion process and recommends it as a model process. He also, instead of a single lamp, advocated for a small sidestreet, such as Resor, be completely outfitted with LED lamps for a viability study. He also brought up that the city contracts with another company to do maintenance on the gaslights, not done themselves.

After community feedback, Ben edited the motion with feedback from the board and residents. The edits were to remove exact numbers of CO2 emissions and to remove some language in the motion that was viewed as leading. The initial and final motions are included below the powerpoint attached to the minutes below.

The motion passed 10-0 with 1 abstention:

Yes: Gerald, Jan, Robert, Patrick, Kevin M., Justin, Ben, Mindi, John, Bridget

No:

Abstained: Owen

Motion for OSHP to enforce highways – Justin Ogilby

Ben read the motion, a request that the Mayor and City manager pursue the Ohio State Highway Patrol to assume a larger share of traffic enforcement on interstate corridors to free up CPD resources.

Justin explained that CTM already approved a request similar to this in a recent meeting. The result of this was the engagement of OSHP 2 days per month. This request is a much more significant partnership between the City of Cincinnati and OSHP. Justin also explained it would be much more impactful to connect with other community councils on this issue.

Justin made the motion, Ben seconded the motion. Kevin Mohan asked about getting OSHP to police non-interstate streets, Justin replied it is much more difficult than interstate highways.

The motion passed 9-2:

Yes: Gerald, Jan, Robert, Kevin M., Justin, Ben, Mindi, John, Bridget

No: Patrick, Owen

Community Questions & Concerns – Ben Pantoja

John Reeves brought up that the proposed land use map in the Clifton Plan suggested that areas near the business district, namely Cornell, were shaded as multi-family, medium density areas. This would allow an increased amount of housing units in the area, and he asked how and when he could best share his perspective on the changes in an official capacity.

Gerald responded that the best way to give immediate resident feedback is to email contactctm@cliftoncommunity.org. This email goes to the CTM president and executive committee and the concerns can be incorporated into the plan. He also mentioned that Kyle Gibbs has been very open to feedback on the plan, citing the residents concerned about hillside development.

Adjournment - Next CTM Board Meeting 1/5.

Motion to adjourn called by Jan, seconded by Gerald, and was unanimously approved.

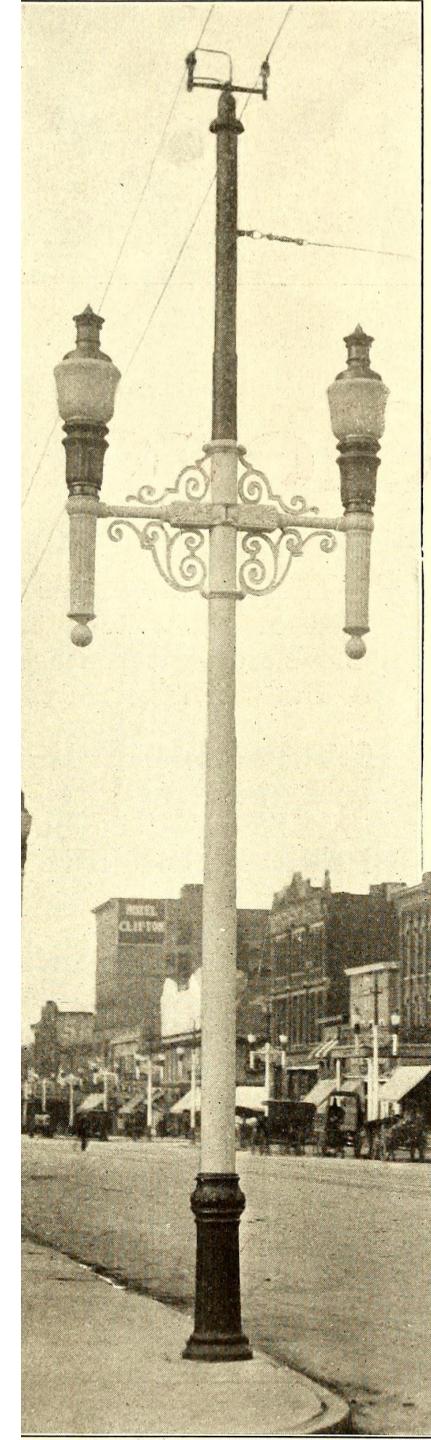

The meeting was adjourned at 8:56.

Respectfully submitted,
Owen Waller, Secretary

Illuminating Cincinnati

Illuminating Cincinnati

- Historical Background
- Today's issues – Environmental Concerns
- The existing process to remove gaslights
- New technologies
- Issues with the mantles
- Conclusion

Cincinnati Gas Light & Coke Company

The Cincinnati Gas Light & Coke Company established in 1837 to introduce gas lighting to Cincinnati.

The inaugural gas works was on Rose Street (near Ohio River) in 1842.

Production and distribution of gas from coal to power street lighting across Cincinnati.

First public gas streetlamp in 1843.

Open flame lights until 1920's

Lamplighters manually lit and extinguished gas lamps each day to maintain city lighting.

The inaugural gas works was on Rose Street (near Ohio River) in 1842.

Production and distribution of gas from coal to power street lighting across Cincinnati.

First public gas streetlamp in 1843.

Open flame lights until 1920's

Lamplighters manually lit and extinguished gas lamps each day to maintain city lighting.

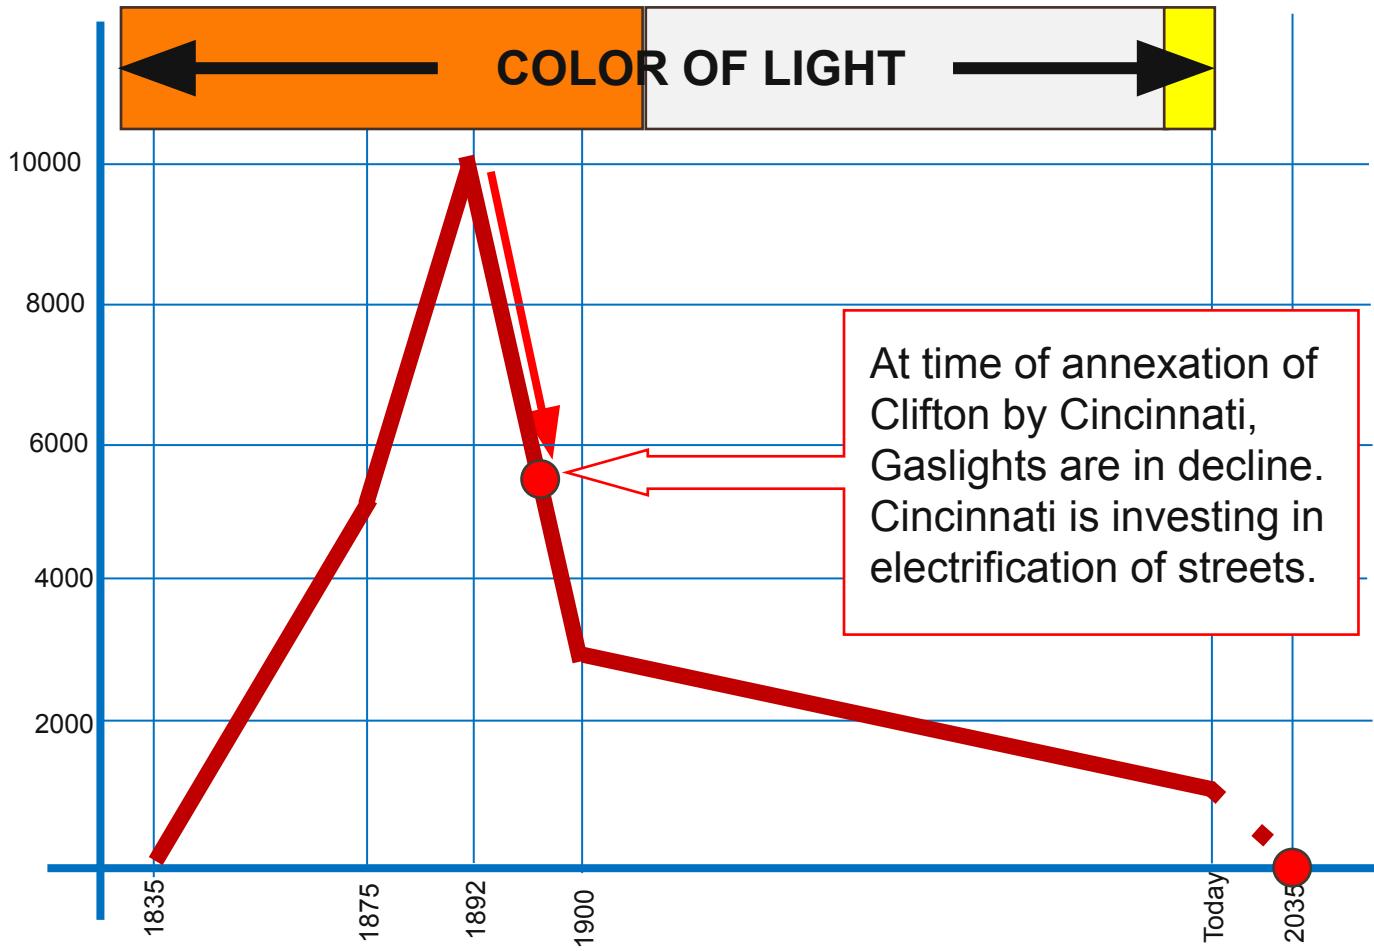

Gasoline lights on Carthage Pike (Vine Street) , replaced by electric lights

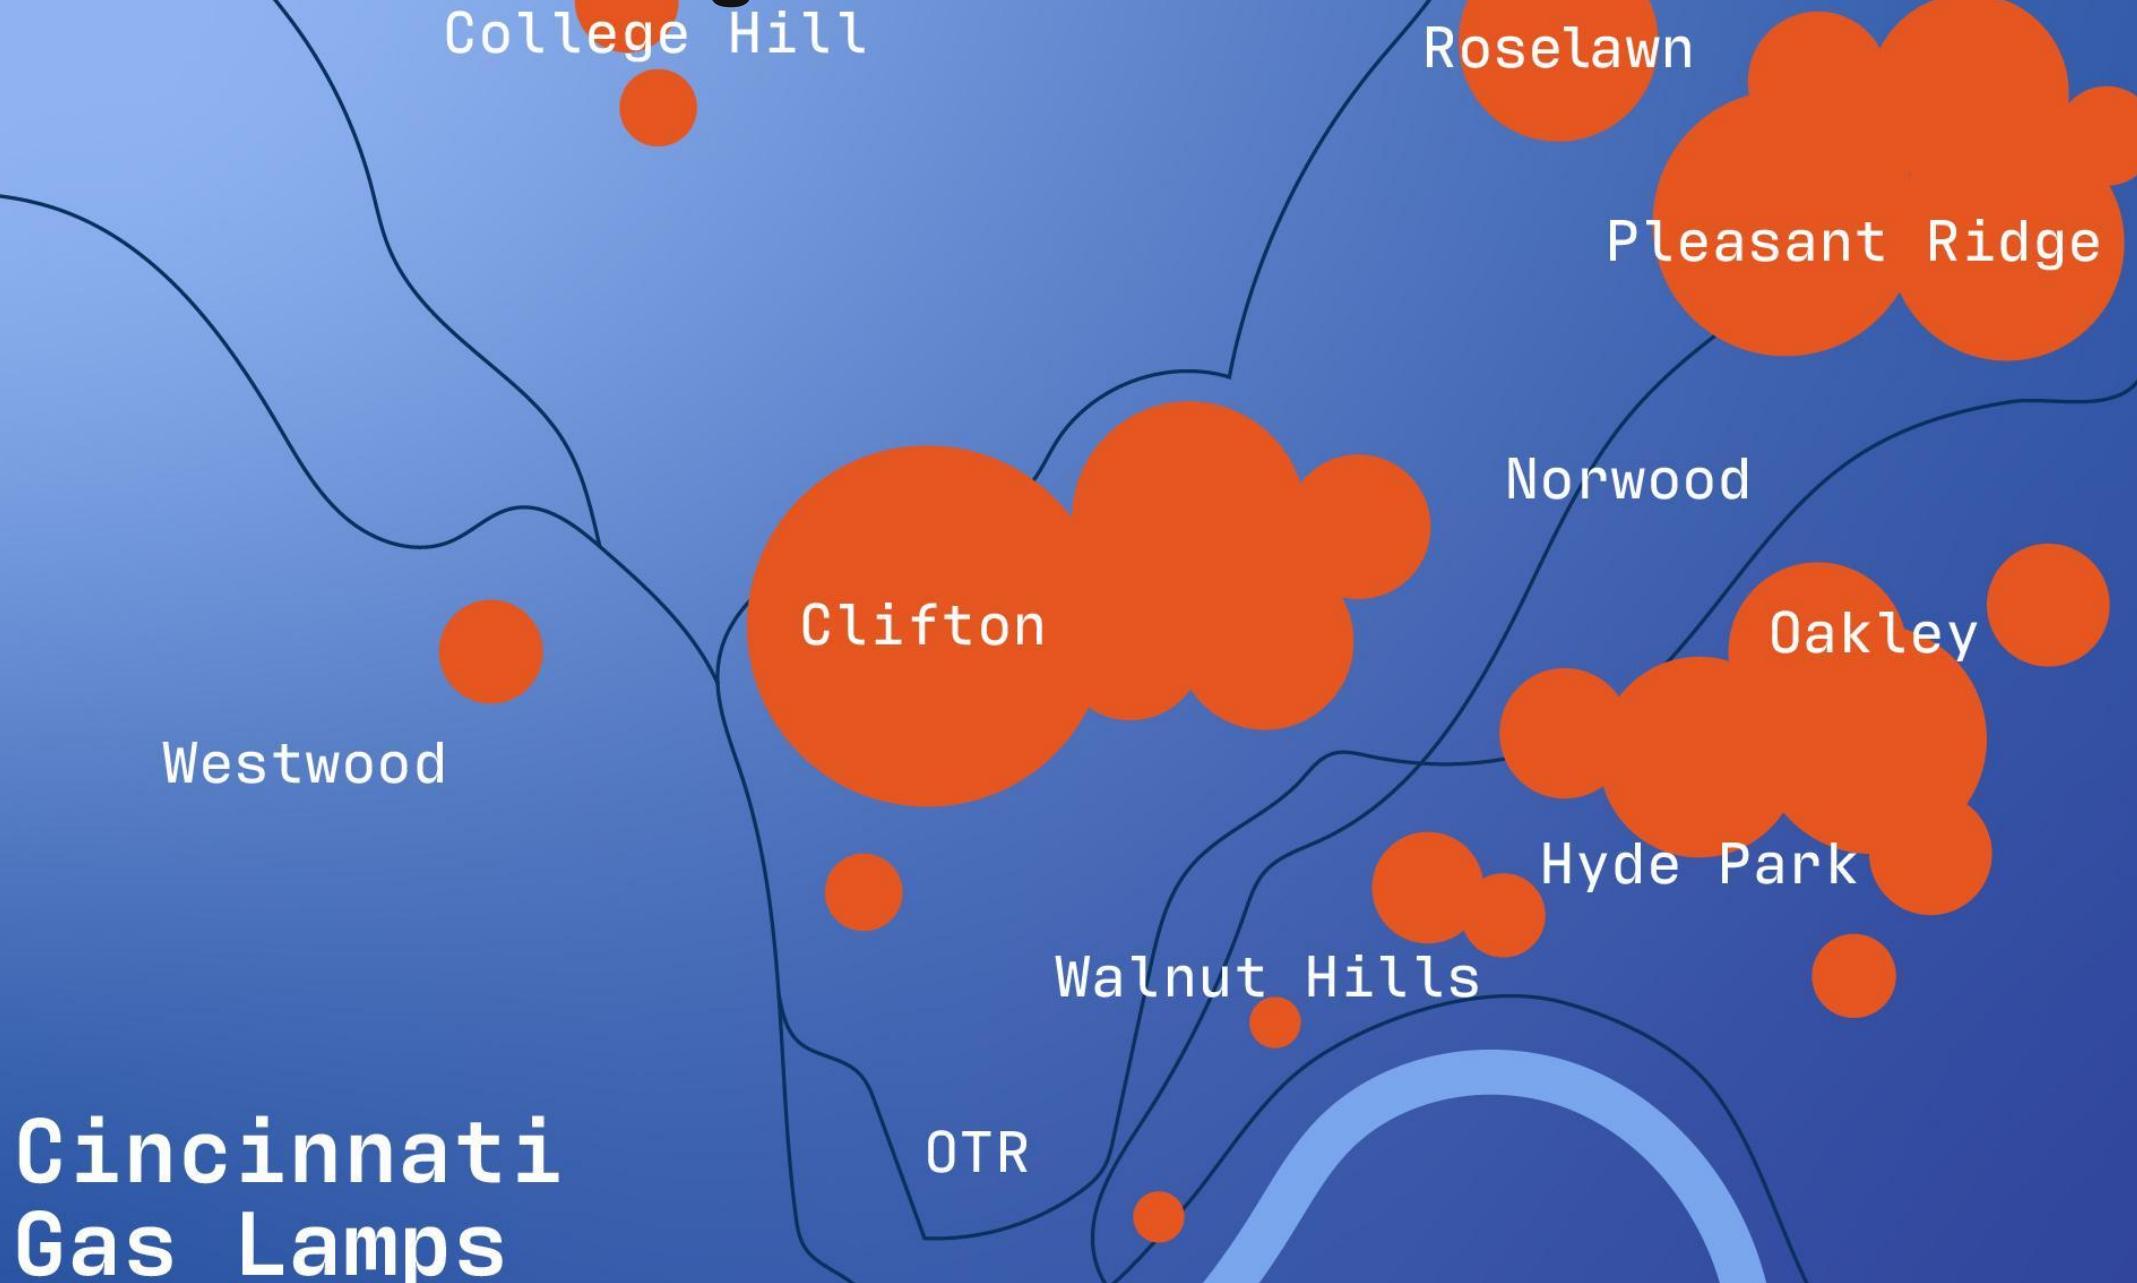

Gaslights timeline

- **1837:** Cincinnati began installing coal gas street lamps.
- **1875:** The city had 5,290 public gas lamps.
- **1892:** The number of gaslights peaked at 10,000.
- **1900:** The number had decreased to 2,300 as electricity was adopted.
- **Today:** Approximately 1,109 of these gaslights remain.
- **City Goal:** All Gaslights retrofitted to LED by 2035 (2023 Green Cincinnati Plan)

The 2023 Green Cincinnati Plan

Why are Gaslights an issue now?

- The World is concerned about Climate Change
- Federal policy unraveled – Cities, including Cincinnati, now taking the lead
- High maintenance, compared to electric lights
- High emission of CO2
- Methane leaks
- Poor/ inadequate lighting per today's street standards on many streets
- Spacing not adequate/ seems random
- Burn 24 hours per day (wasting energy) **Exploring technology to reduce gas flow in daylight**
- **Technological advances may provide some solutions**
- The life of the Clifton Plan is within the life of the 2023 Green Cincinnati Plan

The community
needs to address
this issue through
the Plan

The 2023 Green Cincinnati Plan

Environmental Impact of gaslights

Pollutant	Per Gaslight per year	For all 1,109 gaslights in Cincinnati in tons	Source
Carbon Dioxide (CO2)	2167 lbs	1,200	UC Study
Methane (CH4)	33 lbs	17.75	UC Study, 1.7 grams per hour

Also, emission of Carbon Monoxide (CO), Sulfur Dioxide (SO2), Nitrogen Oxides (Nox) and Volatile Organic Compounds (VOCx)

The 2023 Green Cincinnati Plan

Environmental Impact of gaslights

For the Gaslights in Clifton

CO2 emissions equivalent of emissions of 683,470 gallons of gasoline or planting 100,434 seedlings and grow them for at least 10 years
(source: EPA)

Methane leaks, 80 times warming impact of CO2 over 20 years, equivalent to 139,354 gallons gasoline burned (source: IPCC)

Today's Process of Removing Gaslights on a Street

- Residents have the option to ask replacing the gas lights with electric lights.
- The City does not have a program to install new gas lights.

Process of Removing Gaslights on a Street

- City receives a petition for removal signed by a majority of residents on the street.
- Petition is available from the City, free of charge
- Upon receipt of a petition to remove gas lights, postcard survey is conducted among property owners offering the following options
 - 1.) Continue gas light operation, at no cost to the property owners.
 - 2.) Remove the gas lights and install standard cobra-head lights on existing utility poles

Today's Process of Removing Gaslights on a Street

Why are we concerned about this process?

A few property owners on a street (or street segment) can make that decision without input from the entire neighborhood but changing the character of the entire neighborhood.

The replacement, cobra head on utility poles is not appropriate.

Cobra light on Telford

The Importance of Exploring Alternative Solutions

- The 2026 Clifton Plan will be a base for decision making for the next 10 years, up to 20 years
- The City of Cincinnati will continue to implement its Green Plan aimed at reducing its carbon footprint
- Technology continues to improve and change
- It is essential that the community be given an opportunity to assess new technologies.
- We should assess new technologies that can solve the emissions problem AND keep the existing gaslight fixtures with the same look and feel

An existing technology should be evaluated now

Mantle retrofit with LED

LED Retrofit

Gaslight Assembly

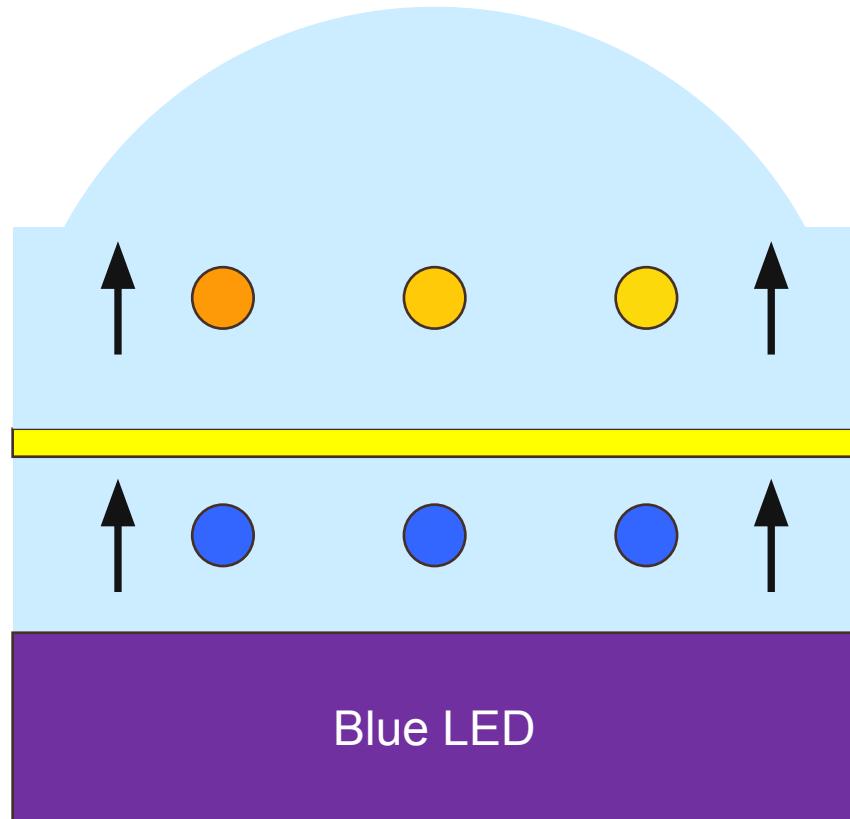

The color of the light from the methane mantle is **2200 to 2800** Kelvin color temp, with a brightness of about **200 to 600** lumens per mantle.

LED Assembly to retrofit gaslight

The color of the light from the LED mantle is **2700** Kelvin color temp, with a brightness of about **450** lumens per mantle.

Warm Light From LEDs

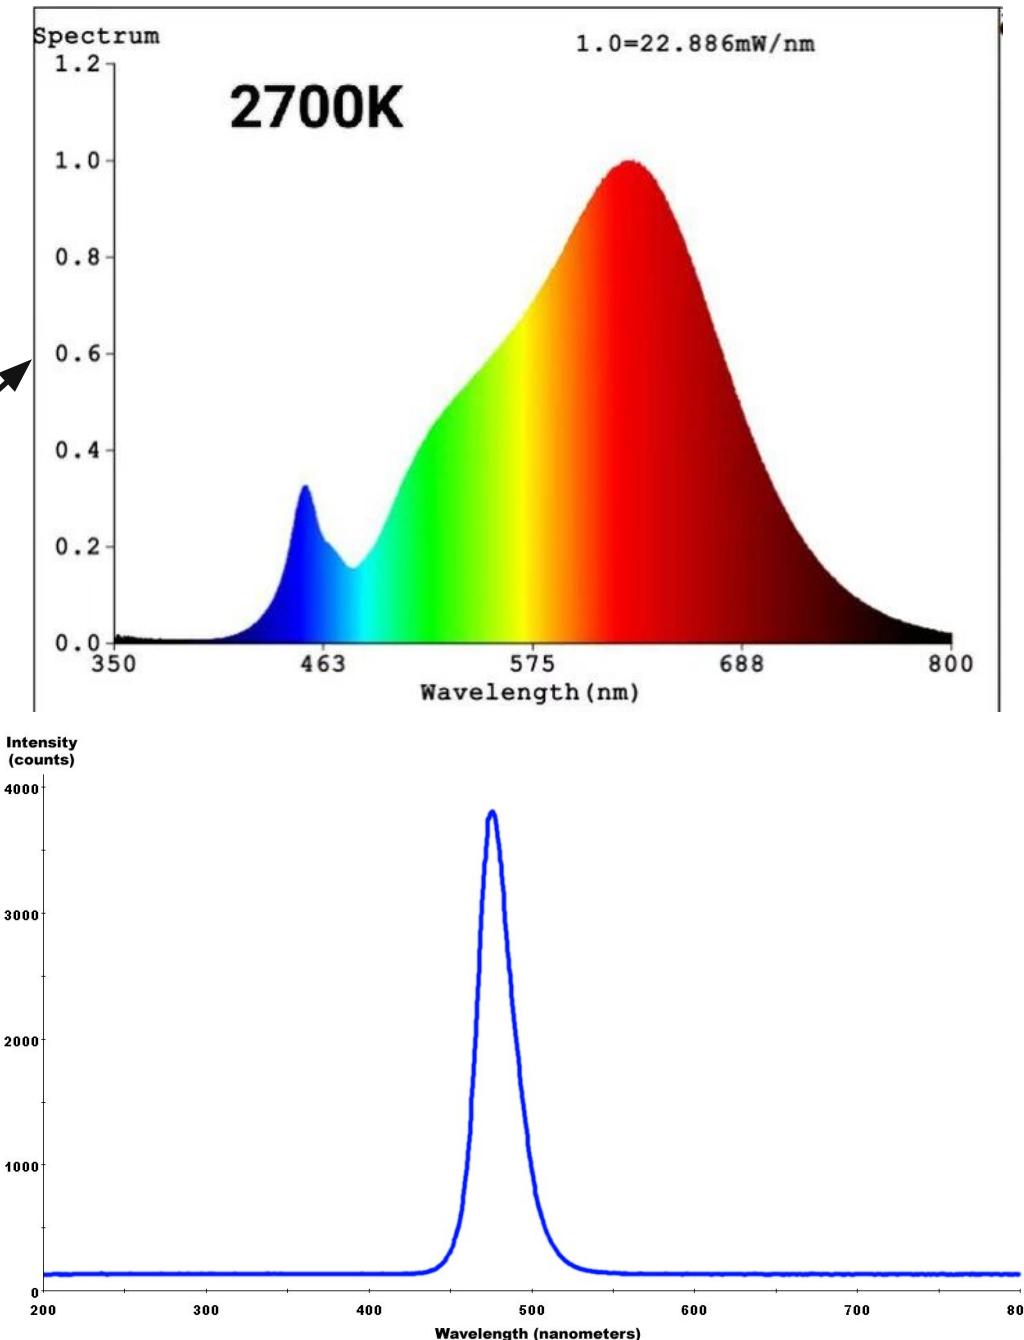

Yellow and
Orange Photons

Phosphor Layer

Blue Photons

Blue LED

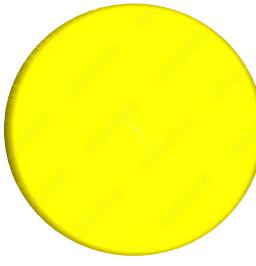

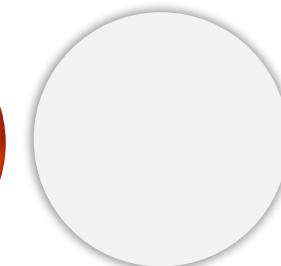

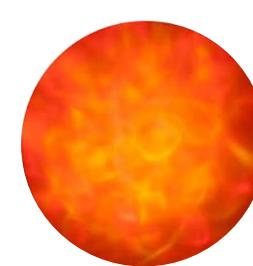

A word about Gas Mantles

- Invented in the 1880s by Austrian chemist
- Developed a fabric mesh that glows brightly when heated by a gas flame
- Deployed in Cincinnati early 20th century

Gas lighting colors:

- Orange: Coal gas open flame
- White: Natural Gas + Thorium mantle
- Yellow: Natural Gas + Yttrium mantle

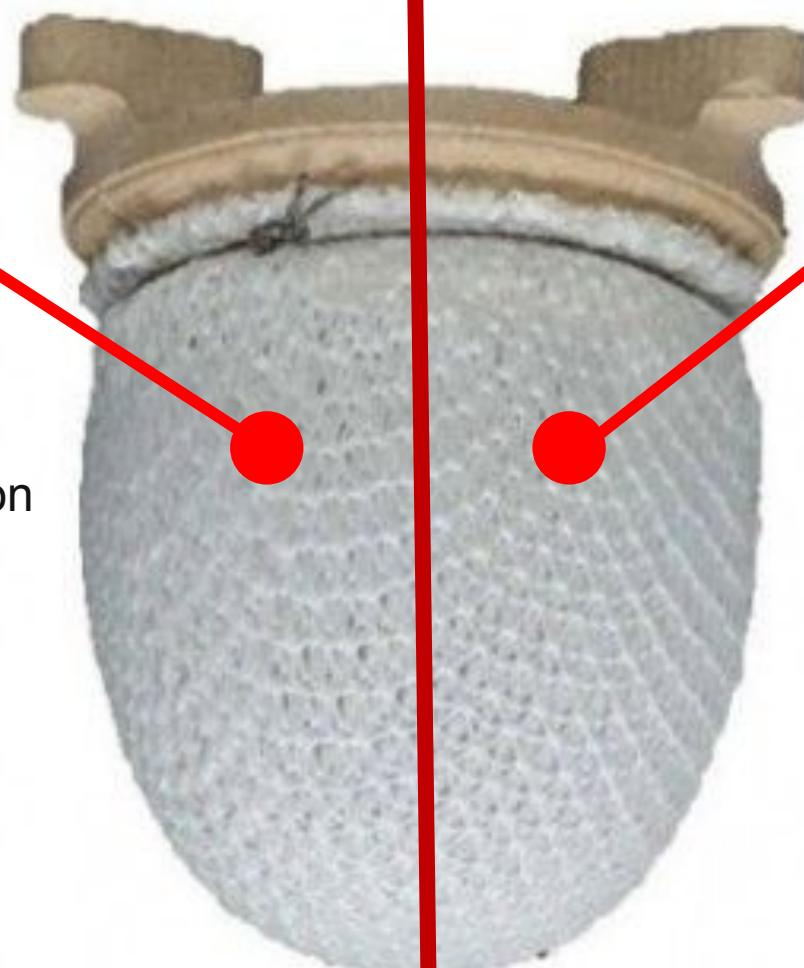

A word about Gas Mantles

Old Technology

Thorium

- White light
- Not a rare earth
- Radioactive
- Not a danger in mantles, but devastating at location of extraction
- Largest producer India

New Technology

Yttrium

- Yellow light
- Rare earth
- Non-Radioactive
- Highly toxic to humans at location of extraction
- Larger producer China

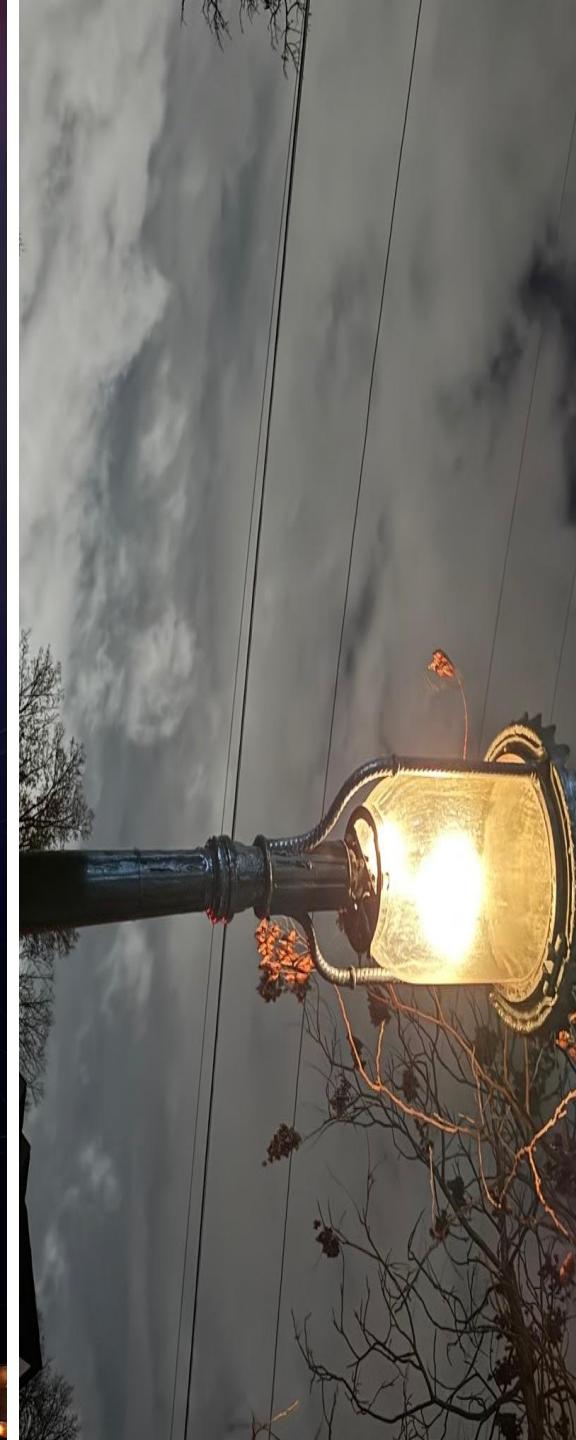

Side by side

Side by side

This old technology is not suitable in residential area but tolerable in high vehicular and pedestrian traffic in Business District

- Not using suggested LED assembly
- Too bright
- Too much glare
- Wrong color temperature

Motion on Process to Get Input on Gaslights

- Whereas the Green Cincinnati Plan has set a goal of retrofitting all gaslights in all neighborhoods in Cincinnati with LED lighting by 2035, and
- Whereas the current **draft** of the Clifton Plan includes the idea of retrofitting the gaslights with LED's but this idea was not voted on or approved by any group and can therefore change, and
- Whereas Clifton residents treasure the charm of Clifton's historical gaslights, and
- Whereas each of Clifton's 300+ gaslights emits 2,500 pounds of CO2 per year and LED's are far better for the environment, and
- Whereas LED lights exist that are designed to mimic the appearance and color of the gas powered mantles they replace, and
- Whereas nobody in Clifton has ever personally seen and compared a gaslight lit by these LED's with a gaslight lit by natural gas and therefore nobody in Clifton knows whether these LED lights would not be almost as warm and attractive as the original gas lights
- Whereas the first revision of the Clifton Plan will be published long before Clifton could install a prototype LED gaslight for the community to evaluate,
- Therefore, this motion recommends that the first revision of the Clifton Plan should not include a conclusion on whether to retrofit gaslights with LED's. Instead, this first published revision should only propose a process for community engagement. This community engagement process could take more than a year. After it is complete, the Clifton Plan, which will be a living document, could be revised based on community feedback to indicate whether to retrofit the gaslights.
- The proposed process is as follows: First, as soon as the city is willing to pay for this, install 1 LED light in an existing gaslight in a heavily trafficked location such as Middleton that is at least 1 block removed from any lighting other than gaslights. This installation must be easily reversible and must be designed to be as close as possible to the existing appearance of gaslights. It should use the existing housing and the LED elements should have the same shape and color as existing gas mantles but would probably be somewhat brighter. Next, send out a survey asking all residents to personally look at this LED prototype and compare it to adjacent gaslights and respond whether a change to this type of LED lighting would be an acceptable long term goal for Clifton due to environmental benefits. The city of Cincinnati would pay to have this survey professionally designed to minimize the risk that it is filled out by people who don't live in Clifton and who have not looked at the prototype and adjacent gaslights. Next, CTM would summarize and abide by the survey results to propose that the Clifton Plan be revised to reflect the community feedback.
- This motion also recommends that the current revision of the Clifton Plan include a recommendation to research options to continue using gas in the gaslights but to reduce the environmental impact through technology such as finding a mechanism to reduce the flow of gas during daylight hours.
- Finally, this motion recommends that the current revision of the Clifton Plan recommends adding street lighting consistent with adjacent lighting in areas that are currently underlit.

Motion on Process to Get Input on Gaslights

- Whereas the Green Cincinnati Plan has set a goal of retrofitting all gaslights in all neighborhoods in Cincinnati with LED lighting by 2035, and
- Whereas the current **draft** of the Clifton Plan includes the idea of retrofitting the gaslights with LED's but this idea was not voted on or approved by any group and can therefore change, and
- Whereas Clifton residents treasure the charm of Clifton's historical gaslights, and
- Whereas Clifton's 300+ gaslights emit CO2 and LED's are better for the environment, and
- Whereas LED lights exist that are designed to mimic the appearance and color of the gas powered mantles they replace, and
- Whereas residents of Clifton have not had the opportunity to compare a gaslit lamp with an LED lit lamp that was designed to mimic gaslight mantles as closely as possible
- Whereas the first revision of the Clifton Plan will be published long before Clifton could install a prototype LED gaslight for the community to evaluate,
- Therefore, this motion recommends that the first revision of the Clifton Plan should not include a conclusion on whether to retrofit gaslights with LED's. Instead, this first published revision should only propose a process for community engagement. This community engagement process could take more than a year. After it is complete, the Clifton Plan, which will be a living document, could be revised based on community feedback to indicate whether to retrofit the gaslights.
- The proposed process is as follows: First, as soon as the city is willing to pay for this, install 1 LED light in an existing gaslight in a heavily trafficked location such as Middleton that is at least 1 block removed from any lighting other than gaslights. This installation must be easily reversible and must be designed to be as close as possible to the existing appearance of gaslights. It should use the existing housing and the LED elements should have the same shape, color, and brightness as existing gas mantles. Next, send out a survey asking all residents to personally look at this LED prototype and compare it to adjacent gaslights and respond whether a change to this type of LED lighting would be an acceptable long term goal for Clifton due to environmental benefits. The city of Cincinnati would pay to have this survey professionally designed with input from stakeholders both in favor of LED retrofits and opposed to LED retrofits to minimize the risk that it is filled out by people who don't live in Clifton and who have not looked at the prototype and adjacent gaslights. Next, CTM would summarize and abide by the survey results to propose that the Clifton Plan be revised to reflect the community feedback.
- This motion also recommends that the current revision of the Clifton Plan include a recommendation to research options to continue using gas in the gaslights but to reduce the environmental impact through technology such as finding a mechanism to reduce the flow of gas during daylight hours.
- Finally, this motion recommends that the current revision of the Clifton Plan recommends adding street lighting consistent with adjacent lighting in areas that are currently underlit.

Request for Expanded OSHP Interstate Patrols to Improve Public Safety and Free CPD for Neighborhood Presence

Dear Mayor Pureval and City Manager Long,

We respectfully request that the City of Cincinnati formally engage the Ohio State Highway Patrol (OSHP) to assume a significantly greater share of **traffic enforcement and crash response** on Cincinnati's interstate corridors. Doing so would free valuable Cincinnati Police Department (CPD) resources for the urgently needed neighborhood-level presence residents expect and deserve.

Cincinnati Is Underserved Compared to Peer Cities

Cincinnati taxpayers are not getting our money's worth, and are underserved by the OSHP relative to our peer cities. Enforcement data published by the Ohio State Highway Patrol shows that Franklin County (Columbus) and Cuyahoga County (Cleveland) receive far more OSHP enforcement activity than Hamilton County (Cincinnati).

According to OSHP's official 2025 YTD data ^[1]:

	Franklin	Cuyahoga	Hamilton
Enforcement Stops	17,139	13,586	4,760
OVI arrests	1,690	343	79
Driving-Under-Suspension	1,906	980	214
Speeding	5,505	8,003	1,520

We are the third largest county in the state, with an extensive interstate network (I-71, I-74, I-75), yet receive less OSHP support than counties such as Lorain and Clermont that are a fraction of our size.

[1] <https://statepatrol.ohio.gov/dashboards-statistics/statistics/statewide-and-county-statistics>

A Strong State Partnership Will Improve Safety and Free CPD for Neighborhood Coverage

We strongly believe that expanding OSHP's role on Cincinnati's interstates would:

1. **Reduce speeding, reckless driving, and impaired driving** on some of Ohio's busiest highway corridors.
2. **Free significant CPD officer hours** that could be redeployed into neighborhoods for patrols, responses, and community engagement.
3. **Bring Cincinnati in line with peer Ohio cities** where OSHP already plays a major role in interstate enforcement.
4. **Enhance overall regional safety**, providing visible uniformed presence on interstates that serve hundreds of thousands of daily travelers.

Our Request

Clifton Town Meeting respectfully asks the administration to:

1. **Enter into a formal partnership or memorandum of understanding (MOU)** with the Ohio Department of Public Safety and OSHP, expanding OSHP's role in both enforcement and crash response on Cincinnati's interstate corridors.
2. **Establish a targeted deployment plan** for OSHP troopers on I-71, I-75, and I-74 within city limits.
3. **Ensure coordination between CPD and OSHP** so that OSHP's increased presence directly offsets CPD's interstate workload and improves neighborhood coverage.

Cincinnati's residents—and its neighborhoods—deserve the same level of interstate traffic safety support that Franklin and Cuyahoga counties receive. A strong partnership would deliver immediate benefits to public safety, traffic enforcement, and the day-to-day presence of CPD in the communities they serve.

Thank you for your leadership and for your consideration of this important request.

Sincerely,

Ben Pantoja, President
